C/HRPS

SUBJECT: SIS Position and Ceiling Allocations

1. On this date I spoke with [REDACTED] (C/AG/COMP) concerning the Agency's SIS position and ceiling allocation. Dave stated that there were no commitments or controls on the number of SIS positions that could be allocated through the Agency classification process. There is, however, a ceiling on the number of SIS incumbencies the Agency is authorized to maintain in any fiscal year. In FY 1983 the SIS incumbency ceiling was [REDACTED]. In subsequent fiscal years, we are authorized to increase our SIS incumbency ceiling by an amount equal to [REDACTED] of our full-time permanent position increase.
